LOCKETT IN DEATH CELL AT EDDYVILLE

Martial Law May Be Revoked At Lexington Today, and All Is Quiet Again

(By Associated Press)
Eddyville, Ky., Feb. 11—Wm. Lockett, heavily guarded by federal soldiers, arrived here on a special train from Lexington at 8 o'clock this morning. Squads deployed at intervals along the road from the station to the prison, and in the center of a squad of 30 men, Lockett was marched to the death cell where a special death watch was placed over him to be maintained until he is electrocuted March 11th. An hour after his arrival, the train with 500 members of the First Division was on its way to Camp Taylor.

Left Lexington Last Night

Lexington, Feb. 11—Although William Lockett, convicted murderer of 10-year-old Geneva Hardman, is safe today in Eddyville prison, where he is to pay the death penalty for his crime on March 11th, 500 federal troops are held here today while the town remains nominally under martial law with the possibility it may be revoked during the day. Military officers spirited Lockett out of town on a special train last night, guarded by 400 soldiers.

Although technically martial law is still in force, practically all restrictions were lifted at noon today. The city police resumed their duties.

Student Saved Many Lives

Lexington, Feb. 11—To Milton Summerville, 21 years old, a medical student at the University of Louisville, fell one of the most thrilling experiences incident to the rioting Monday in which four men were killed outright and another fatally wounded.

Summerville was the lad who overturned a machine gun, putting it out of commission just as it was about to fire into the thick of the crowd. His action certainly saved many lives. Summerville, although guns flashed in his face and bullets whizzed by his head, escaped scathless, his only "casualty" being a bayonet "wound" through his trouser's leg.

Summerville's home is at Mayfield. He said he was on his way from school to the Phoenix Cafeteria, where he is employed, when he stopped in front of the court house on Main street. He was standing in front of the crowd. A man with a big red mustache, he said, held the rope. He and some other students were "joshing" the police, he said, when somebody behind him shouted "Lynch the nigger!"

"Right away they started to push and the first thing I knew I was pushed under the wire which kept back the crowd," said Summerville. "I could not stop myself nor get out of the way. The crowd was too big. I was on the steps to the court house door before I knew it."

"A policeman tried to take the rope away from the man with the red mustache. Suddenly a shot was fired from the right-hand window on the second floor. Then everybody began shooting at us. I was blinded by the flash of the guns. The soldiers and the deputies were pumping their guns into the crowd."

"A man came up on the other side of the steps and was grappling with the soldier who manned the machine gun there. I saw General Deweese reach over and club the man on the head with the butt of his revolver. The soldier then went to his machine gun again, but I fell over the machine gun, knocked it over and put it out of commission."

"Somebody stuck a bayonet through my pants leg from behind but I was mighty lucky, I guess."

NOT THIS STEVE JONES

S. A. D. Jones, the well known tobacco buyer, says that he is not the Steve Jones, son of the late Fenton Jones, who was mentioned in the latter's will probated here a few days ago. The Steve Jones named, is said to be a resident of Corbin, this Mr. Jones thinks.

ANOTHER ATTACK CASE REPORTED IN FLEMING

(By Associated Press)
Flemingsburg, Ky., Feb. 11—It became known here today that a warrant has been issued for the arrest of Grant Smith, 45, a negro charged with attacking Ruby Anderson, aged 15, daughter of Farmer Johnson, at Junction, this county. Officers left for Columbus and Cincinnati looking for Smith. The community is considerably excited.

WILSON MUST APPROVE HINES' WAGE RULING

(By Associated Press)
Washington, Feb. 11—Director General Hines will answer the wage demands of the two million railroad workers on his own responsibility and from a standpoint of railroad administration and then report to President Wilson. The President will then approve or disapprove the decision. Hines held a long conference today with Secretary Tamm and late in the afternoon was to resume his conferences with the brotherhood officers. The situation is regarded as extremely grave.

MISS LAURA CLAY WINS BIG POINT IN HOUSE

Miss Laura Clay, state suffragist champion won quite a victory in the House at Frankfort Monday. Representative A. L. Hamilton, W. T. Beckham and Geo. C. Wagoner led a successful fight to have the State Suffrage amendment read into the calendar. Republican Floor Leader Joseph Lazarus tried to have the amendment recommitted, but several of his own party deserted him and he was unable to muster a majority.

What Mr. Hamilton characterized as a "bare-faced repudiation of an agreement" he denounced in the House. Representative Kory O. Huntsman, Scottsville, Republican, sided with Mr. Hamilton. About a dozen Republicans joined with the Democrats to advance the two measures, regardless of the motion of their floor leader.

It is the general belief that the administration is going to oppose the State suffrage amendment; also the one providing for a referendum on Federal amendments. The reason seems to be that but two amendments to the State Constitution may be submitted at the same session of the Legislature. The two administration submission of the state suffrage have been reported in both branches, and it is believed that the Republicans hope to see them given preference.

Miss Clay and her colleagues point to the fact that both parties declared in their platforms for a submission of the State suffrage amendment.

This defeat was the first real setback for the administration in the House has capered every time that Floor Leader Lazarus has cracked the whip. The State suffrage issue has been advanced at this session by Miss Laura Clay and other women representing the Citizens' Committee for States' Rights Equal Suffrage Amendment.

Denmark Wins Big

Copenhagen, Feb. 11—The latest reports from the plebiscite held yesterday in Schleswig show Denmark secured 70,000 and Germany 24,000 votes. Only a few districts are not heard from.

INACCESSIBLE CLIFF DWELLING IN ZION CANYON

An archeologist's reconstruction of the debris-filled cliff dwelling ruins discovered by a camera with a telephoto lens in the new Zion canyon, national park in Utah. The photograph was taken from the opposite wall of the canyon, three-quarters of a mile away. The cliff dwellings are now inaccessible.

BELOVED WOMAN DIES SUDDENLY IN TEXAS

Friends here were greatly shocked to hear of the death of Mrs. John Shackelford, which occurred at Wichita Falls, Texas, after a brief illness. Mrs. Shackelford was before her marriage Miss Louise Kaufman, of Lancaster. She is survived by her husband and two children. Remains will be brought to Lancaster for interment.

Mr. and Mrs. Shackelford and family have been living in Texas for a couple of years. He is a son of Mrs. James P. Shackelford of this city and a host of friends and loved ones will extend sincere condolences in this hour. She was just 39 years of age. She was a daughter of Mrs. Emma Kaufman, of Lancaster, and sister of Hon. Clay Kaufman, assistant U. S. Attorney in this district.

KENTUCKY MINE OWNERS OBJECT

(By Associated Press)
Washington, Feb. 11—After the coal strike settlement commission agreed to render a decision as to making the 14 per cent wage increase retroactive to October 1st, in Kentucky, the heads of the Kentucky Operators Association refused to submit to the jurisdiction of the commission and withdrew from the hearing. This was the first refusal of operators in any field to accept the commission's settlement of the questions involved in the strike. Representatives of the mine workers presented their side of the case but President Robinson did not indicate what course the commission might pursue in view of the refusal of operators to give their reasons. The claims of Kentucky miners that the award should be retroactive was based on their contention that Kentucky mines were operated on practically 100 per cent basis throughout the state.

President Lewis of the mine workers, charged in refusing to submit their case, that the operators of Kentucky were "hedging on their acceptance of the original strike settlement terms." This was hotly denied by J. Y. Moore, spokesman for the association, who declared the question of retroactive wages is covered in existing agreements between the operators and miners. Speaking for Western Kentucky operators, J. V. Norman said his association agreed to accept any of the commission's wage awards and he would submit a brief in reply to Lewis.

MASONS DEDICATE NEW FURNITURE

The handsome new lodge furniture of Richmond lodge, No. 25, F. & A. M., was presented to the lodge and dedicated with appropriate ceremonies Tuesday evening. The occasion was graced by the presence of two members of Preston Lodge, No. 281, of Louisville, Messrs. John Maas and W. F. Talcott, who officiated as Master and Senior Deacon respectively, at the raising of Eugene T. Spurlock, of Kirksville, to the sublime degree of Master Mason. Members of the local lodge's most efficient degree team served with the two distinguished visitors in putting on the work in first class shape.

The furniture, which is handsome black walnut, trimmed with tan leather, was presented to the lodge by Secretary J. G. Bosley, and formally accepted on behalf of the lodge by Dr. R. L. Telford. A decided and valuable addition to the lodge equipment will be a beautiful gavel, which was presented to the lodge for use with its new furniture by Past Grand Master Robert R. Burnam. Master Nick Harber of the local lodge accepted the gift for the lodge. Addresses followed by Messrs. Burnam, T. J. Coates, M. T. Chandler and O. O. Green. After the formal session refreshments were served, prepared by Messrs. R. C. Boggs and George D. Simmons. There were 44 Masons present during the evening, which was made a historic occasion in the life of this great order here.

BOLSHEVIKI SINK SHIP WITH 1,400 SOULS

(By Associated Press)
London, Feb. 11—Bulletin—A wireless from the Soviet government at Moscow received today, says "according to a message from Novorossick, when the volunteer transport Karantic, with officers and their wives and children aboard, numbering 1,400, left Mariupol on approach of the Bolshevik volunteer army, incensed at being left behind, they fired on the ship. A shell pierced the boiler and the transport sank with all on board."

To Sell Fine Hogs

Clifton Rodes, of "Roaring Brook Farm," near Burgin, is advertising a sale of Big Type Poland China hogs, a breed that seems to be increasing in popularity very rapidly. Mr. Rodes' advertisement appeared in the Daily Register yesterday and will appear again on the 13th. Mr. Rodes is making this sale in connection with Wright and Thornburg, of Greensburg, Ind., and they will sell 40 sows and gilts. He will send a catalogue to anyone interested.

George Tolliver, John Shy, C. B. Cooper, and Tom Evans were arrested on the Cumberland River in Letcher county, for the murder, several days ago, of Ed Price. NEW SCHOOL LAW PASSES IN SENATE

Makes Radical Changes In State's Educational System—The Legislature.

Frankfort, Ky., February 11—By the vote of 34 to 2, the Senate passed the bill of Senator Robert Antle, providing for a nonpartisan County Board of Education with authority to appoint a Superintendent and teachers and fixing a minimum tax rate of 25 cents for schools.

The bill, which revolutionizes administration of the public school system of the state is one of the four most measures of the administration. The Senate consumed practically all of the day on the bill.

A measure was introduced by Senator Hiram M. Brock to abolish the office of trustee of the jury fund, effective January, 1922. This bill will abolish 120 offices regarded by Governor Morrow as useless.

Senator White L. Moss offered a bill to fix license on automobiles at \$1 per horse power.

A bill of Senator M. C. Swinford will enable a person accused of a felony to make application for a change of venue of his absence through his attorney.

Favorable report was made on the bill of Senator Clem S. Nunn to prohibit manufacture, sale or transportation of liquor, except for medicinal, medicinal, scientific or sacramental purposes; fixing penalties providing for forfeiture of property used in its manufacture, sale or transportation; requiring liquor sold on prescription to be harmlessly medicated, limiting the amount prescribed to one point in ten days; requiring manufacturers of soft drinks, containing one half of one percent of alcohol, to obtain licenses, and limiting the amount of alcohol in extracts to one half of one percent. This bill is designed to enforce statewide prohibition voted in the last state election.

Nine bills were passed in the House and the only bill that met with any opposition was the bill of Representative John L. Trumbo to fix the minimum salary of public school teachers at \$75. Representative Herbert Lawrence sought to amend the bill making the minimum salary \$60. This was rejected by the House. The bill passed, 72 to 6.

The bill of Representative Rev. J. Cain to provide for teaching the art of debating in public schools passed, 66 to 7.

The bill of A. J. McCandless to prohibit appointment of guardians by Courts, amending Section 2022, Kentucky Statutes, was passed unanimously.

The bill of Representative Howard G. Skiles to require deeds to show whether property is situated in graded school districts was passed unanimously.

The measure of Representative J. W. Johnson to fix the state rate on chickens at 10 cents and amended to exempt 25 chickens to each family passed, 72 to 1.

COLLEGE HILL MAN BUYS IN INDIANA

J. D. Congleton, who recently sold his farm near College Hill, has bought a farm of 150 acres near Salem, Indiana, which he says is fine limestone land, and is mighty good for corn and tobacco. He paid \$7,500 for the 150 acres. Mr. Congleton sold his place in Madison for \$9,000 to Dillard Hill and Levi Richardson, each taking part of the acreage. He had 150 acres in all. He plans to move to his new home in the Hoosier state as soon as he holds a little sale of personality and other effects. The farm he bought in Indiana is just 40 miles from Louisville.

BUYS FINE SOW FOR \$315

H. C. Pieratt, the Poland China hog man of near Red House, has just bought through Bert Stafford, field man for Better Swine, a very fine sow. He paid \$315 for her. This gives Mr. Pieratt four females, that are said to be almost as near perfect specimen of this breed as can be found anywhere.

HIGH SCHOOL TO PUT ON "FI FI"

Attractive Home Talent Play To Be Given To Raise Funds New Gymnasium

Much interest is being manifested by the Madison High School student body over the play, "Fi-Fi of the Toy Shop," which will be staged by the Madison High School at the Caldwell auditorium on Thursday and Friday evenings, February 26th and 27th. This play is a fantastic musical extravaganza with eleven principal parts and more than 200 in the entire cast. The production will be replete with scenery and costumes. It is looked forward to as the dramatic event of the winter in the city of Richmond and society is quite in expectation. A fine enthusiasm and spirit pervades the personnel of the play and every augury gives assurance of success. The stars are in their places.

The play will be staged by local talent entirely and the producers are the Madison High School Producing Company.

The play, a comedy, costumes and a dramatic coach. Mr. J. J. Foster of Toledo, Ohio, the dramatic coach, arrived Monday full of vigor. He has a most pleasing personality and has already won the hearts of the Madison High School student body, and those who are working with him are responding readily in getting the play ready for the rise of the first curtain on the evening of February the 26th.

The leading lady will be the character of Fi-Fi from which the performance takes its name. This part will be played by the talented young Sophomore, Miss Marion Guinchigian. Dorothy Terrell will play the role of Bonnie, the Toy Shop's daughter. Iva Jean Todd is well suited to the role of Ink Spot which is a low comedy "coon" or "Topsy" role. The comely role of Looey has been assigned to Robbie James. Walker McKinney and Edna Smith are showing up well in Aurelia the Fairy Queen and Aurelia the Witch. The male characters have not been tried out and consequently they will receive notice in a later write up. Likewise the Dance of the Bridesmaids, and the Paper Falls will receive special mention later.

The High School has as a financial aim in presenting this play the making of the amount of money which they have pledged to the Board of Education as their part toward the building of a gymnasium on the Madison High school campus. The city school system is sadly in need of a gymnasium where not only athletics but where physical education can be given. It is the belief that the citizenry of the city will respond most cordially in helping the schools obtain this long needed constructive addition to their plant.

A school system is worth very little that does not have behind it the united support, the united spirit and the united enthusiasm of not only the patrons but of all the people who are vitally interested in the development of their city. You can show your school spirit, your interest in the particular need of the High school at this time by being present at a performance of the high school play on February 26th or 27th. The High school does not hope to build a gymnasium with its share of the proceeds. It only hopes to raise the amount which it has pledged to the Board of Education for this purpose. It is true that this amount is small in comparison to the cost of a completed gymnasium, but the High school will know that it has fulfilled its obligation that is much to know.

Bursting With Riches

London, Feb. 11—Egypt is bursting with wealth accumulated from cotton, says a correspondent of the Daily Express in Cairo. "Illiterate natives living in mud huts have made 20,000 pounds sterling out of cotton deals," he continues. "Some have made 100,000 pounds. They are buying land at inflated prices and paying mortgages which are regarded as family heirlooms. One British official says that the country has made at least 100,000,000 pounds. Naturally there is an influx of new millionaires in Cairo with huge demand for automobiles, jewelry, new houses and all kinds of luxuries, but in the province many of the newly rich have changed their standard of living."

Jeff King, of near Midway, was over Wednesday morning to his brother Wm. King. The mother, Mrs. Martha King, near Lexington, is very ill, and fear she is entertained that she can last long.

Mr. Eliza Kelly and wife, who have been living with his father for some time occupied their new home at the place known as Marble Yard Branch.

Hawks Not All Enemies.

The department of agriculture says that of the 50 principal varieties of hawks 47 are of benefit to the farmer since they catch great numbers of rodents that injure crops. It is even said that a hawk on the farm is as valuable as a cow. There are three varieties of hawks that are deadly to chickens and should be shot on sight.

Your Table Linen and Bill Smith's Overalls

"I would like to use the laundry," said Mrs. Porter, "but I just can't bring myself to the thought of having my table linen washed with Bill Smith's overalls, and Sam Brown's socks."

Mrs. Porter unwittingly exposed in this remark her lack of familiarity with modern laundry methods.

Really, it would make little difference from the sanitary point of view if this mixing were practised, for everything we wash is sterilized as well as cleaned.

But actually there is no promiscuous washing. The things that come to us in your bundle are carefully sorted. Hosiery is washed only with hosiery, table linen only with table linen,

"pinks" only with "pinks" and so on. Each class of goods is washed separately from each other—and the water renewed from nine to 12 times while laundering is in progress.

This is a method superior even to that of the laundress. You receive your washing back sweetly clean—and pure.

But are you sure of this when you send your washing to some unknown place, where there is no supervision, and little knowledge of modern laundry sanitation?

If you would best guard your own and your family's health, and secure refreshing cleanliness at moderate cost, call us up. We will send our driver for your family bundle.

OVER 12,000 PROGRESSIVE FARMERS IN 1918 EXPRESSED
THEIR PREFERENCE FOR LALLEY ELECTRICITY
BY PURCHASING A LALLEY PLANT

The biggest and best thing the Lalley
does for them is to save time and labor
and money.

Because the Lalley is primarily and continuously a farm economy, the number of Lalley owners is increasing by thousands.

There is nothing experimental about Lalley Light. There is nothing uncertain about the savings it effects.

Lalley Light is eight years old, and more. It has been used that long by farmers and others.

Used by the United States Government

Lalley Light was particularly efficient in operating X-ray equipment in hospitals in France, because of the steady, reliable electric current it furnished, and because it is so quiet in operation.

These users gladly acknowledge that its merits are far superior—that it is a real investment, because of its positive economies; and that it is highly efficient in its work.

SURE RELIEF FROM ITCHING SKIN DISEASES

Will Never Come From Salves, Ointments, or Other Local Treatment.

A million gallons of lotions, ointments, salves or other forms of local treatment will not give any real permanent relief from skin diseases. Get this fact firmly in your mind, and there is hope for you.

If you have ever been afflicted with eczema, tetter, boils, eruptions, or other similar skin irritations you can appreciate the real, terrifying discomfort that comes from these disorders. And what you are looking for is not merely temporary, palliative relief that may cause the terrible burning and itching to abate for awhile, but real genuine relief that shakes off the shackles of the disease, and restores the skin to its former healthy condition.

Follow the teachings of science, and you will learn that the skin is fed by the blood, and naturally, then, the condition of your skin will depend upon the condition of your blood. If the blood becomes

infested with millions of tiny disease germs that attack the skin, then the fiery irritation and intense itching will remain with you until these germs are attacked at their source and removed from the blood.

Genuine relief, therefore, can only be expected from a treatment that goes right to the seat of the trouble, and strikes at its cause. Such a remedy is S.S.S., the reliable old blood purifier that kills the germs of disease, and sends a new supply of rich red blood coursing through the veins.

S.S.S. has been used successfully in some of the worst cases of eczema and other skin disorders, and it can be relied upon to cleanse the blood thoroughly of the germs which cause these complaints. S.S.S. is also a splendid tonic and system-builder, and it builds up and adds new vigor to the whole system.

Go to your drug store and get a bottle of S.S.S. today, and begin the right treatment for skin diseases. Then if you feel that your case requires special medical advice, you can obtain same without cost, by writing to Chief Medical Adviser, 13 Swift Laboratory, Atlanta, Ga.

F. D. Curry and City Attorney C. E. Rankin, of Harrodsburg, have purchased of Dr. J. W. Powell, his farm known as "Westmoreland," near McAfee, Mercer county, on the Louisville pike. The farm contains 285 acres and brought \$285 per acre. They also bought 165 acres, adjoining the farm, of J. West Powell.

Mr. and Mrs. K. Tudor spent the week-end at Corbin.

Mrs. A. B. Howard, Miss Anna Robinson and Miss Alberta Ray motored to Lexington Wednesday.

Miss Ida Tudor has returned home after spending a few days with her sister, Mrs. J. M. Cranes at Corbin place.

MORE HELP FOR STARVING LITTLE ONES

Is your name on this honor roll? Do not forget the 250,000 homeless, motherless little children who are stretching out their hands to America for bread.

The school children of Madison are mobilizing their pennies in their behalf. In response to Superintendent Edwards' appeal the following schools have sent in offerings:

High Point School—Miss Eliza Shearer, teacher, \$3.70.

Peyton School—Miss Ethel Terrill teacher, \$1.01.

Woodland Heights School—Miss Jessie Conley teacher, \$5.33.

Bobtown School—J. C. Hendricks teacher, \$2.47.

Runyon Grove School—Miss Annie Noland, teacher, \$2.31.

Deatherage School—Miss Mary Joseph Jones teacher, \$1.90.

Dodd School—Miss Emma Garrett, \$1.00.

Valley View School—Miss Leila Freeman, teacher, \$2.50.

Buffalo School—Miss Mary Haden teacher, \$4.10.

Knob School—Miss Lucy Haynes teacher, \$4.20.

Boggs School—Miss Minnie Shearer teacher, \$1.04.

Narrow Gap School—Miss Adelia Vox teacher, \$91.

We wish to thank these teachers and through them the children who have contributed to this fund. We hope the other schools in the county will follow.

We are glad to report other gifts from the following:

Imagine a broad line of 120,000 famished people waiting for twenty-four hours a day for the dose of food that is the sole barrier between them and death from starvation. That is the situation in Alexandropol, a city in Russian Armenia, according to Miss Hermine Dakesian, a pretty Armenian girl, one of the survivors of four years

of the horrors of Turkish massacres and deportations. Saved by an American woman, she has come to this country and entered Oberlin College.

With her came fourteen other Armenian girls in charge of Miss Adelaide S. Dwight, a Near East Relief worker, who has been instrumental in helping to save hundreds of thousands of their people from death by starvation. Miss Dwight, who is now in London, is

Big Value in Tires for Small Cars

Back of the manufacture of Goodyear Tires for small cars is the same purpose to supply high value in the product that is behind the manufacture of the Goodyear Tires that equip the most expensive automobiles built.

This purpose is expressed by the enormous resources, extraordinary skill and scrupulous care applied to the manufacture of Goodyear Tires in the largest tire factory in the world devoted solely to the 30x3, 30x3½, and 31x4-inch sizes.

The effect of this endeavor is noted in the fact that last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

It is also noted in the fact that, if you own a Ford, Chevrolet, Dort, Maxwell or other car requiring the sizes mentioned, you can secure Goodyear Tires and Goodyear Heavy Tourist Tubes at the nearest Goodyear Service Station.

30x3½ Goodyear Double-Cure \$20.00

Fabric, All-Weather Tread

30x3½ Goodyear Single-Cure \$17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water—\$3.90 proof bag

and, says more than a million people are facing death by starvation in Armenia and will perish unless American aids.

Herself an eyewitness to the slaughter of hundreds of helpless women and children by the Turks and a victim of the deportations, Miss Dakesian, an unusually pretty girl, says there is untold suffering in Armenia and Syria. She praises the efforts of the Near East Relief, formerly the American Committee for Armenian and Syrian Relief, to save as many of these people as possible. At Erivan, the capital of the Armenian republic, one hot meal is given out daily, and by this relief alone the city's death rate has been cut from a thousand daily to an average of twenty. At Alexandropol, where the refugees from Turkish Armenia were driven by thousands, the situation is appalling, Miss Dakesian says. It is to avert these wholesale deaths that Near East Relief is making a nation-wide appeal for funds.

CAUSE and EFFECT

The Chiropractor is referred to as a "Cause" specialist. As yet the general public is unacquainted with the proper import of this term. That its meaning may be made more clear, it may be considered in contrast to the effects of "disease." The effect of a fever is, for instance (generally speaking), an increased temperature. The cause of the fever is the condition that produces it. Some health students and practitioners study only the effect of an abnormal body condition, and in consequence apply the skill of their findings to the effect alone.

Chiropractic goes directly to the cause of any "disease." Chiropractors hold that the adjustment of the "Cause" is of vastly more important in relation to the health of the patient than is the mere "Treatment" of the effects.

It is often said that chiropractic vertebral adjustments remove the cause of disease. The phrase in that form is misleading and inaptly used. Chiropractors remove nothing. The surgeon may with a knife remove a body part

by taking it away. But the chiropractor can do no more than adjust the affected nerve structure, that it may remain where it always has been, but in such position that its parts do their normal work, uninterfered with by a misplaced substance foreign thereto.

Health is a normal condition, and obtains where body structures are in normal position. "Disease" is an abnormal condition and is present in mild or severe form wherever a derangement of body parts exist. The derangement, then, is the "Cause" of "disease," and the chiropractor, in "adjusting" this cause merely effects normal rearrangement of the parts.

As all cause of ill health is traceable to pressure on nerves, usually at their exit from the spinal column, it is clear that chiropractic vertebral adjustments of disarranged vertebrae (small bones in the spine) is the specific mode of correcting the cause producing the effect.

Consultation and spinal analysis free.

FORREST HILL

Mrs. Vernon Pharis, of Lexington, has returned to her home after spending a week here during the illness of her sister, Mrs. Elza Pigg.

Mr. A. D. Cox and Mr. William Gaines, of Jameson, Mo., were the guests of the former's sister, Mrs. A. H. Wells last Thursday night.

The little infant daughter of Mr. and Mrs. Cecil Haden was buried in Richmond Monday afternoon at 3 o'clock. Aunt Mary Haden and Mrs. Bettie Powell still remain on the sick list at this writing.

Miss Jala Wells has returned from a two weeks visit with relatives in Nicholasville and Versailles. She was accompanied home by her sister, Mrs. L. G. McCuddy, who will spend several weeks here.

Mr. and Mrs. Boyd Wells spent Sunday with Mrs. Hiram Asbill and family.

Mrs. Mary Haden, of Moberly, visited Mrs. Mary Haden a few days last week.

Mr. A. H. Wells sold a good mule court day for \$175. He also sold a nice mare the preceding week for \$150.

A death which caused much sorrow in this community was that of Mrs. Elzie Pigg. She had only been in our midst a year, but had already endeared herself to every one. Her death occurred Sunday morning at 2 o'clock Feb. 8. She had been in declining health for six weeks and her death came as no surprise but it was a great shock. Her sufferings were great but she bore them patiently until the end came. She was 35 years old and a life long member of the Christian church. Her whole life was spent in helping others who were sick or in need any way she could. She was laid to rest Monday at 2 o'clock in the Richmond cemetery near a bank of beautiful flowers. Funeral was conducted at the grave by Rev. Matherly

of Richmond. She will be sadly missed in the home but their loss is heaven's gain. The bereaved husband and children have the deepest sympathy of the entire community in their sorrow but may they so live as to meet her in that great beyond when life is ended.

A precious one from us is gone,
A voice we loved is still,
A place is vacant in our home,
Which never can be filled.

Playing Card Solves Murder Mystery

A playing-card found beside the body of a dead man, furnishes the clue to the mystery of the murder in "Kitty Kelly M. D." Bessie Barriscale's new production for Robertson-Cole, distributed by Exhibitors Mutual. With this slight clue Kitty Kelly, professional doctor and amateur Sherlock Holmes, succeeds in fixing the crime on the guilty murderer, saves her sweetheart from a situation which looks damning, and clears up a crime which had puzzled the sleuth-hounds of the frontier town. FORMER LOCAL MAN HONORED BY C. A. R.

Dr. John W. Creed, formerly of Richmond, but for a number of years a resident of Lexington, was elected to succeed Lewis Simpson, retired, as commander of E. L. Dudley Post, G. A. R., at the annual election of officers held Saturday afternoon.

Herman Trost was re-elected senior vice commander and F. K. Sevard, junior vice commander. E. K. Mann, of this city, was selected as delegate, and Thomas Lancaster, of Frankfort, as alternate, to the State Encampment, which will be held this year in Louisville. The date of the encampment has not been announced, but it will be in either May or June. An adjutant was not chosen, his selection being left over until the next meeting.

The members of the Post are much interested in the Fuller bill now pending in Congress, which proposes to increase the pensions of Civil War veterans, who have reached 75 years of age, from \$40 to \$50 per month. It is understood here that the measure has been favorably reported in the Senate and the veterans are hopeful of its passage before the present adjournment of Congress.

The meeting was well attended and it is expected that a number will go to the State Encampment at Louisville this year.

LETTER FROM A FARMER

Mr. Editor:

I see Mr. Stanifer has put a long piece in the Daily Register telling the farmer how much money he can get out of 50 bushels of wheat. He says you can get enough out of the wheat to buy a \$60 suit of clothes and a big heavy overcoat. Now, Mr. Stanifer, I am an ignorant farmer and don't know much, but I do know what it costs to raise 50 bushels of wheat, but the way you talk it, don't cost the farmer anything to raise 50 bushels of wheat. The cost of 50 bushels of wheat for 1919 would be \$84 to get it to market.

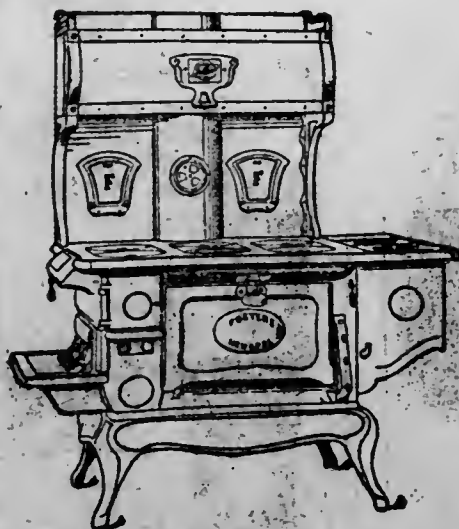

According to Mr. Stanifer's figures, a farmer would have \$22.50 left to buy a \$90 suit of clothes and a big thick overcoat. We will have to get Mr. Stanifer to get out on the farm and show the farmer how to farm without the cost of labor and too, the cost of butter and eggs. The farmer knows it doesn't cost anything to make butter. All he has to do is to get out and pump his cows up and the butter is there. Air is all we have free and for eggs, all you have to do is take the hens to the foot of the hill and trot them up backward and you get plenty of eggs.

Now, Mr. Stanifer, let us hear from you again. You have taught us farmers how to buy us a \$60 suit of clothes and a big thick overcoat with \$22.50, which is all we have left out of 50 bushels of wheat, after you pay expenses. Come again.

BURNS TO DEATH AT BRODHEAD

Mrs. Susan Harwood burned to death at Brodhead last week. She was making her home with her sister, Mrs. America Tate, when the house was discovered on fire. Securing a bucket of water she went up stairs and tried to extinguish the flames, and evidently was overcome by the smoke. The building was destroyed and Mrs. Harwood was burned almost beyond recognition.

There's a World of Solid Comfort In the Rich, Red Tin

YES, sir, we mean that same warm red and gold tin that smiles a welcoming "Howdy" to you in every tobacco store. Know what those colors mean?

The red is for the friendly warmth, the mellow cheeriness, that Velvet puts into your old pipe. And the gold is where the Kentucky sunshine, that ripens good old Velvet, has just sort of soaked through.

Remember what Velvet Joe said about it?

"You've met canned meat and canned music. Ever see any tinned sunshine? Well, look into any Velvet tin."

And think this over:

We don't have to hide Velvet's taste or smell with a lot of this, that and the other thing. Because Velvet has naturally what pipe smokers want—real simon-pure tobacco taste and fragrance. It's just good, honest Kentucky leaf, made still more friendly and mellow by two years' ageing in wooden hogsheads. Just good tobacco. That's all. But it's mighty near enough for the man who wants a pipeful of tobacco and not a box of bon bons.

The picture of a pipe on the tin needn't keep you from rolling a jim-dandy cigarette with Velvet.

How's the Velvet holding out in your old red tin?

Would You Lose If Your Property Burned Today?

The destruction of that \$5,000 home you built a few years ago would lose to you the original cost, plus another \$5,000. For it costs \$10,000 now to build the \$5,000 home of 1914.

Likewise the loss of today of the business property that cost \$50,000 before Germany went mad, would be \$100,000—probably \$100,000 would not replace it.

HOW TO GET RID OF YOUR COLD

The quick way is to use
Dr. King's New Discovery

DON'T put off until tonight what you can do today. Step into your druggist's and buy a bottle of Dr. King's New Discovery. Start taking it at once. By the time you reach home you'll be on the way to recovery. This standard family friend has been breaking colds, coughs, grippe attacks, and croup for more than fifty years. It's used wherever sure-fire relief is appreciated. Children and grownups alike can use it—there is no disagreeable after-effect. Your druggist has it. 60c and \$1.20 bottles. Give it a trial.

Bowels Begging for Help

Torpid liver pleading for assistance! How careless to neglect these things when Dr. King's New Life Pills so promptly, mildly, yet effectively come to their relief!

Leaving the system uncleaned, clogged bowels unmoved, results in health-destructive after-effects. Let stimulating, tonic-in-action Dr. King's New Life Pills bring you the happiness of regular, normal bowel and liver functioning. Keep feeling fit, doing the work of a man or woman who finds relief in it. All druggists—25c.

COURT DAY TRADES IN LINCOLN COUNTY

There was a light run of cattle at Stanford Monday, court day. The Interior Journal says:

There were only about 200 cattle at Jones' Stock Pens Monday but they all were sold in a hurry. Prices ranged from 8 to 11 1/2 cents, the latter price being for a nice lot of 650-pounders T. W. Jones sold to R. C. Hocker. The feeling in the cattle line was especially good. There was also a good demand for mules and a number changed hands at \$175 to \$300. T. W. Jones sold seven at \$350 to \$525 per pair and many others were sold at his pens.

J. H. Baughman, of Danville, sold at Stanford Monday a pair of four-year-old horse mules for \$400.

Hon. W. G. Gooch bought of T. W. Jones a pair of coming six-year-old mules—mare and horse for \$600.

The best pair of mules seen in this section in days was the pair Harris & Woods sold to Robert Hutchison, of Mercer county. They match well, are coming four-year-olds and mares. They were good enough for the show ring.

H. A. Mastin, who recently moved from Madison county to the farm he bought on Hawkins Branch of Walter Hiatt, told this paper that he and Mr. T. E. Baldwin, of Madison, had sold 14,000 pounds of tobacco on the Richmond market at an average of 75c and that they would put 7,600

pounds on sale there this week. Mr. John C. Pepples had a fine mule killed by another mule the other day. As a general thing horses and mules get along well together, in this case there was a falling out which resulted fatally for one of the hybrids.

Newland & Reynolds, sold the 60-acre farm of Farley Scott's to Rev. E. K. Arnold. The place lays on the Crab Orchard and Sugar Grove road and is a very desirable little farm. The price realized was \$3,200.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action. If you have a "dark brown mouth," bad breath, a dull, tired feeling, sick headache, torpid liver, constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime. Thousands take them every night just to keep right. Try them. 10c and 25c.

SAMUELS ON BOOZE RAID IN COVINGTON

Local Internal Revenue Officer
 Takes 'Em As They Come—
 Poper's New Ruling

Deputy Internal Revenue Collector Hugh M. Samuels, of Richmond, raids shiners one week in the mountains and the next he picks up the booze burglar in the cities. He was on a raid in Covington the other day. The Enquirer said of the raid he was on: Robert Edmonds, Twenty-seventh street and Madison avenue, and Bunker, 941 Philadelphia avenue, Covington, were arrested by Deputy United States Marshal Robert Phillips, Federal Revenue Officers Harry Klaene and H. M. Samuels, and Detective James Bromback, in Covington, last night, and charged with having broken into a registered whisky warehouse, and with having in their possession whisky alleged to have been stolen from Government warehouses.

They were taken before United States Commissioner Mrs. M. V. D. Bell, who fixed Edmonds' bond at \$5,000 and Bunker's at \$1,000. The men will be given a preliminary hearing Feb. 12th.

According to the officers the arrests were a sequel of the robbery of 14 barrels of whisky, valued at \$28,000 from warehouse No. 2, Latonia, Ky., several days ago.

Whisky profiteers are to be dealt with, whether they will be prosecuted or made quit selling whisky, isn't determined. The Internal Revenue Bureau holds the whip hand.

"Complaints of exorbitant charges for liquor for medicinal purposes which place dispensers thereof in the class of profiteers will be investigated," declared Daniel C. Roper, revenue commissioner, in a statement, telling what whisky will bring. The demands, or requirements, for medicinal purposes, is far less than the supply. Good whisky used to sell from \$1 to \$2 a quart. Druggists have sold it for as high as \$10 a quart to the well and the sick.

But the regulations are more strict now. Both doctors and druggists must have permits to sell. If they violate the rules, their permits can be revoked. In no case may spirituous liquor be prescribed by one or more physicians in excess of one pint, for the same person within any period of 10 days. No limit is placed on wines, except no prescription shall be for more than is needed for medicinal purposes.

Strangest Troop of All in Constantinople Being Made Into Good Citizens.

American Boy Scout training is aiding prominently in the rehabilitation of hundreds of little Armenian boy refugees from the Turkish massacres, who have been organized into a scout troop in Constantinople as the solution of one of the most troublesome problems that confronted the Near East Relief workers in that city.

Hounded and driven for four years, having seen their parents and relatives slaughtered or worse by Turks and Kurds and themselves forced to beg, steal or do almost anything to eke out a barest existence, these boys had completely lost their moral sense when they finally found refuge in the Near

TROUBLES FROM MY AGE

East Relief orphanages.

The boys had been clad in rags for so long that they had forgotten how to take care of clothes. This was a tragedy when the Near East Relief had need of every pair of shoes and of every suit of clothes for new boys constantly coming in.

Then the boys were organized as Boy Scouts and given their uniforms. They began to be careful of their school clothes as well as of their uniforms.

They had been so often hungry they had come to steal without compunction. When they first entered the orphanages they continued to steal. One boy stole a purse from his American teacher. For two or three weeks after he became a Boy Scout he was obviously uneasy. One day he came to her with the purse in his hand.

"I don't want to give it back," he said reluctantly. "But I have to, I'm a Boy Scout now."

To form good scout troops to transform these little orphanages into good citizens, is one of the reasons why the Near East Relief, 1 Madison avenue, New York city, is making its appeal for funds.

Wisdom and Prudence.

There is a courageous wisdom; there is also a false, reptile, prudence, the result, not of caution, but of fear.—Burke.

A NASTY COLD EASED AT ONCE

"Pape's Cold Compound" Then Breaks Up A Cold In A Few Hours

Don't stay stuffed up! Quit blowing and sniffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of your head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness, stiffness.

"Pape's Cold Compound" is the quickest, surest, relief known and costs only a few cents at drug stores. It acts without a chance. Tastes nice. Contains no quinine. Insist on Pape's! It

A Dependable Range makes a Smiling Housewife

and a smiling housewife makes a happy home. You wouldn't hitch a fine horse to a broken-down plow, so don't burden a good cook with a poor range.

make good cooks happy, and poor cooks ambitious, because they are absolutely reliable, and when the cook has done her part, they never disappoint her with poor baking. There are many patented devices for saving time, labor and fuel which have made the Princess a favorite with thousands of housewives during the past 25 years. One of these devices is the one-piece construction of body and top rim, which means that the Princess will continue to give good service as long as it lasts, because there are no joints to widen out and let in cold air to weaken the draft and cool the oven.

Owners' Approval Is Like a Rousing Cheer

The Cleveland Six, from coast to coast, is establishing its place in motordom. The bitter cold days of the Northern winter have proved its ease of starting, just as the hot summer days, when hundreds of new Clevelands were being driven across the country, proved the perfection of its radiation.

The Cleveland Six is in the hands of owners all over the United States today, and the chorus of satisfactory approval from these owners is like a rousing cheer. They say the car surprises them, pleases them, delights them. Its pliant power, its simple ease of handling, its boat-like

comfort, surpass all expectations. If you hope and plan to start the new season with a new five-passenger touring car which is a real six, or such a car of roadster type with wide, deep seat of restful cushioning and plenty of stow-away space, then come in and see the Cleveland Six.

A study of this car will interest you.
 A ride in it will convince you.
